Administration

ADMINISTRATION

The purpose of Park College is to train the mind and strengthen the individual responsibility, to create receptivity in cultural fields, sponsor student democracy, develop faith and citizenship, and prepare men and women for quiet and intellectual service.

Park is a fully accredited liberal arts college offering the A. B. degree. Students completing the work given are accepted as graduate students in any university in the country. In addition, the college combines practical training with intellectual advancement through its student help department.

In the succeeding administration section are outlined the departments in which Park College students receive their development.

Frederick William Hawley, A.M., LL.D.
President, Park College

Walter Frederick Sanders, A.B., A.M.
Dean, Park College

ENGLISH

Ethel E. Lyon

In 1892 the English department of Park College was officially organized by Henry S. Verrill. This was the first attempt to segregate the department from various others in the college curriculum. In 1901, at the death of Professor Verrill, J. H. Lawrence became head of the department; and in 1922 Miss Ethel E. Lyon took the chair. The William E. Guy Department of English was the name given to the department in 1927.

The department sponsors the college program in journalism and dramatics. It has the largest enrollment in the college and the largest number of majors. Expansion of the journalism division is being planned for the near future.

MEMBERSHIP OF DEPARTMENT

Ethel Emma Lyon, A.M., Columbia University, *Head of Department*
Mary Elizabeth Maupin, A.M., Columbia University, *Associate Professor of English*
Mary M. Whiteside, A.B., Vassar College, *Instructor in English*
Frances Fishburn, A.B., Park College, *Instructor in English, Assistant Librarian*
Alice Margretta Waldron, Ph.B., University of Iowa, *Librarian, Instructor in Library Science*
Mary Emma Beers, A.B., Northwestern University, *Instructor in English*

Waldron, Grueneberg, Whiteside
Maupin, Lyon, Fishburn

MODERN LANGUAGES

The department of Modern Languages is one of the most recent departments to be added to the college curriculum. It was organized in 1916. As early as 1896, a course in German was offered by Professor Thomas G. Burt. It was Dean W. F. Sanders who definitely organized and developed the department until comprehensive courses were offered in German, French and Spanish. The department has grown until at present it has the second largest enrollment in the college. Each year the department endeavors to present to the public one evening of plays in these three foreign languages.

MIRIAM E. WILSON

MEMBERSHIP OF DEPARTMENT

Walter Frederick Sanders, A.M., University of Chicago, *Head of Department*
Miriam Elaine Wilson, A.M., University of Illinois, *Acting Chairman*
Elsa Grueneberg, A.B., University of Missouri, *Instructor in German*
Jeanette McElhiney, A.M., University of Kansas, *Instructor in Spanish*
Ruth E. Rose, A.B., Ohio Wesleyan University, *Instructor in French*
Adolph Hermann, Bible Training Institute, Glasgow, Scotland, *Instructor in German*
Henrietta Doltz, *student assistant, Spanish*
Zelmira Biaggi, *student assistant, Spanish*

McElhiney, Biaggi, Grueneberg, Hermann
Rose, Doltz, Wilson, Sanders

HISTORY AND POLITICAL SCIENCE

Roy V. Magers

The History and Political Science department of the college is an outgrowth of two courses offered in 1891 by Miss Margaret Best. The courses were History of Civilization and English History. When Professor R. V. Magers became head of the department in 1912, courses in Sociology and Economics, as well as History, were offered under the one department. However, in 1921 these departments were divided.

Now, in 1928, there are available for students as many as nine different courses each semester in the field of History and Political Science. The department's objective is the interpretation of the trend of history and the relation of its significant episodes and movements, rather than the mere effort to familiarize students with facts.

MEMBERSHIP OF DEPARTMENT

Roy Vernon Magers, A.M., University of Chicago, *Head of Department*
Neil H. Baxter, A.M., University of Chicago, *Associate Professor of History*

Magers Baxter

PUBLIC SPEAKING DEPARTMENT

Dr. F. W. Beers

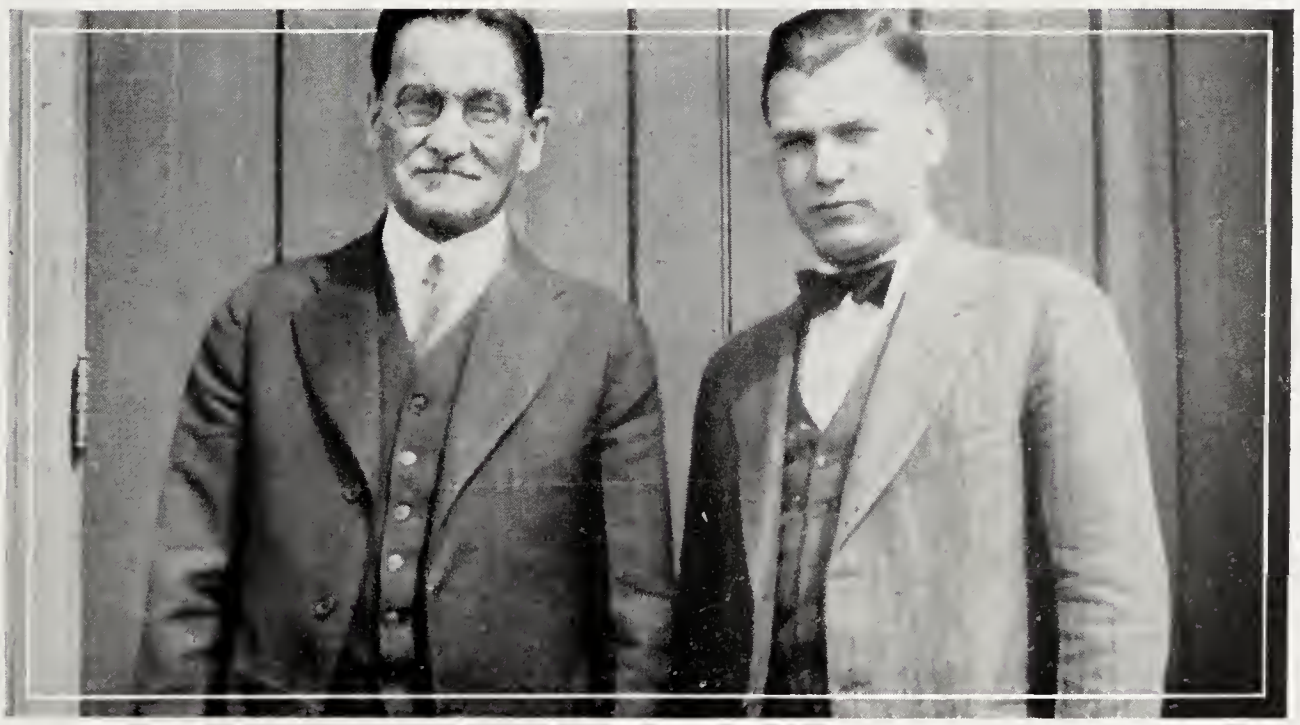
The first courses in Public Speaking or elocution were offered in 1900 by Professor J. H. Lawrence in connection with the English department of the college. It was not until 1923 that these two departments became distinct divisions.

The objective of the Public Speaking department now is to produce the most effective type of extemporaneous speaker. Park College enters heartily into intercollegiate debates, and state-wide oratorical and extemporaneous speaking contests.

The banner record in forensic history in the college has been scored in the last two years. In the past year alone the department has sponsored eight winning orations in various oratorical contests; one of these was the national championship in the Old Line contest. This year local debate teams were victors in nineteen out of twenty-three contests with other schools.

MEMBERSHIP OF DEPARTMENT

Forrest William Beers, Ph.D., Ruskin University, *Head of Department*
Forrest H. Rose, A.M., Ohio Wesleyan, *Associate Professor and Debate Coach*



Beers Rose

CLASSICS AND ART

Dr. A. L. Wolfe

In 1875 the freshman courses offered at Park College were Cicero, Greek, Livy, Homer, Horace and Geometry. The study of Greek and Latin Classics was predominant until 1892. Dr. A. L. Wolfe, the present head of the department, began to teach the Classics at Park in 1889. Professor C. F. Winchell had charge of the department of Greek and Latin in 1891. However, in 1898 Dr. Wolfe was named as head of the department of Latin, and when the Greek and Latin departments were combined he had charge of both.

The Art division of the department was added in 1926. Technical courses are given in designing and drawing, but stress is chiefly laid on the appreciation of Fine Arts, especially painting, sculpture, and architecture. Music instruction is also given at Park.

The Classics and Art department combine one of the oldest and one of the newest divisions of study at Park College.

MEMBERSHIP OF DEPARTMENT

Arthur Lester Wolfe, Ph.D., New York University, *Head of Department*
Mary E. Beers, A.B., Northwestern University, *Instructor in Latin*
Harriette Cocks, Ph.B., University of Chicago, *Instructor in Art*
Sam Lenters, *student assistant in Art*

Lenters McKee Wolfe Rader

MATHEMATICS AND ASTRONOMY

Established with the founding of the college in 1875, instruction in Mathematics has maintained its position on the college curriculum. Professor A. M. Mattoon first organized the department in 1891. When the college was first started there were only two divisions of instruction and Mathematics was one of these two. The department has grown until at present it has a faculty of three, two student assistants, and a total class enrollment of 281.

The Mathematics department purposes to train the student in the use of the tools of mathematical investigation, to help him develop the habit of logical thought and accurate expression, and to give him an appreciation of the cultural values of rigorous thinking.

R. A. Wells

MEMBERSHIP OF DEPARTMENT

Ross Albert Wells, A.M., University of Michigan, *Head of Department*
Leon Alexander Robbins, S.M., University of Arizona, *Associate Professor of Mathematics*
Ora V. Gates, A.M., University of Michigan, *Instructor in Mathematics*

Wells Gates Robbins

BIOLOGY AND PHYSICS

Dr. M. C. Findlay

Beginning with the sole equipment of one air-pump, Dr. M. C. Findlay organized the department of Natural Science in 1892. Until Professor H. A. Dean arrived in 1900 as a Physics instructor, Dr. Findlay handled the department alone. From 1893 to 1915 the department was located in the basement of Mackay. There was equipment for only thirty-two students.

Dr. R. A. Rogers

Now, in 1928, the department or Science has four distinct branches—Chemistry, Physics, Biology and Home Economics—with a faculty of six. The Biology department offers a comprehensive pre-medic course. The chief aim of the courses in the Physics department is to develop the capacity for inductive reasoning.

MEMBERSHIP OF DEPARTMENTS

Merlin Chamberlain Findlay, A.M., Hamilton College, *Head of Department of Biology*
Martha Hugh Scott, A.B., Park College, *Instructor in Biology*
Robert A. Rogers, Ph.D., University of Iowa, *Head of Department of Physics*

Findlay Scott Rogers

CHEMISTRY AND HOME ECONOMICS

Dr. P. Y. Jackson

In 1908 the Chemistry and Physics department divided, with Howard A. Dean, graduate of Park and head of the department since its organization in 1900, as Chemistry professor. At present the department has two professors, seven student assistants and approximately one hundred and seventy-five students enrolled in its various courses.

Margaret E. Lorimer

In the past decade the Home Economics department has been moved two different times, due to the growth of the department. It was originally located in room 36 of Mackay. From there it was moved to the third floor of Science Hall, and in 1927 the department was moved to its present location in Alumni Hall. This department aims to meet the needs of students who expect to follow the professions of teaching and home-making.

MEMBERSHIP OF DEPARTMENTS

Perry Yates Jackson, Ph.D., University of Chicago, *Chairman of Chemistry Department*
Howard Andrew Dean, A.M., Park College, *Professor of Chemistry*
Margaret Emily Lorimer, A.M., University of Kansas, *Head of Home Economics Department*

Jackson Lorimer Dean

EDUCATION AND PSYCHOLOGY

Mary R. Harrison

Education was first introduced at Park through a course of child-study offered by Professor Alfred C. Schmitt in 1903. Until 1916 the department was included with Psychology and Philosophy. It was Professor Matthew H. Wilson who finally organized and divided the three departments. In 1909 the Education branch was approved by the State department of Education for certification of teachers and since that time has grown rapidly.

M. H. Wilson

The Department of Psychology is in close conjunction with the Education department. This department concerns itself with the scientific study of human life and has as its basis the principle, "nothing is of greater interest to people than themselves."

MEMBERSHIP OF DEPARTMENTS

Mary Rebecca Harrison, A.M., University of Chicago, *Head of Education Department*
Matthew Hale Wilson, A.M., University of Kansas, *Head of Psychology Department*
J. Fred Speer, *student assistant, Religious Education*

Speer Harrison Wilson

BIBLE AND PHILOSOPHY

J. W. Teener

The primary purpose of Park College in 1875 was to offer "an education with the Bible as the leading text-book." More importance was attached to the department of Bible than to any other. Professor S. L. McAfee headed the department at that time. The definite aim of this department through these past fifty-two years has been to provide a basis for the moral action of students on the campus, and a basis for Christian citizenship.

Dr. W. A. Cook

In 1887 Professor William H. Tibbals taught three courses in Philosophy. Since that time the Philosophy department has grown from a very generalized one into an organized department offering twenty-one hours of instruction. The department was separated from that of Psychology in 1926.

MEMBERSHIP OF DEPARTMENTS

James Woodruff Teener, A.M., Princeton University, *Head of Bible Department*
Paul Doltz, A.M., Princeton University, *Associate Professor of Bible*
William Arthur Cook, Ph.D., Grove City College, *Head of Department of Philosophy*

Teener Cook Doltz

SOCIAL SCIENCE AND BUSINESS ADMINISTRATION

H. L. Williams

Political Economics was the introduction in 1898 for what was later to be a social science department. Economics gives a foundation to those entering the field of research and business; Sociology advocates a sympathetic understanding of other races, nationalities and cultures. Professor H. L. Williams now holds the chair in this department.

D. M. Knight

The Business Administration department, also organized in 1921, has combined the practical with the theoretical. This field includes the technique of accounting and business procedure, the analysis and interpretation of financial statements, a study of investments and insurance, together with an understanding of law, governing rights, organization and business transactions. Professor D. M. Knight organized the department.

MEMBERSHIP OF DEPARTMENTS

Homer Lee Williams, A.M., Transylvania College, *Head of Department of Social Sciences*
David Mack Knight, A.M., Washington and Jefferson College, *Professor Business Law and Accounting*

Knight Williams

DEPARTMENT OF LABOR

P. K. Justus

The department of Labor has been a part of Park College since the college was founded in 1875. President John A. McAfee originated the family idea.

Each dormitory student now does fifteen hours of family work each week. Only such manual labor is engaged in as directly lessens the expenses of the family; namely, farming, horticulture, printing, carpentering, cooking, sewing, tables, office, house, and laundry work.

Mrs. J. F. Moore

The department of Labor is in accordance with the plan of the founder to combine physical and mental labor in order to permit worthy students to enjoy an education.

MEMBERSHIP OF DEPARTMENT

P. K. Justus, S.B., University of Illinois, *General Work Superintendent*
Mrs. W. A. Cook, *Dietitian Emeritus*
Mrs. J. F. Moore, *Dietitian*
Dr. F. W. Beers, Ph.D., Ruskin University, *Superintendent of Printing*
Adolph Hermann, Glasgow Training Institute, *Horticulturist*
Gladys Wakefield, A.B., Park College, *Assistant Dietitian*

Justus Cook Beers
Hermann Moore Wakefield

FACULTY WOMEN'S CLUB

Mrs. F. W. Hawley

Mrs. A. L. Wolfe came to Parkville in 1890, Mrs. M. C. Findlay in 1892, and Mrs. R. V. Magers and Mrs. W. A. Cook in 1900, these women forming the nucleus of the Faculty Women's Club. In 1908 Mrs. M. H. Wilson joined the group, Mrs. W. F. Sanders in 1911, and Mrs. D. M. Knight in 1916. The membership of the club has expanded to include all faculty women as well as faculty wives. In 1921 this club of women invested in a moving picture camera which has served for the past seven years to earn money for the various philanthropic enterprises listed below. Mrs. F. W. Hawley is president of the organization.

American Relief	$ 43.70
Women's Association	271.16
Manse Fund	100.00
Nickel Piano Fund	100.00
Equipment for Academy Club	100.00
S. S. Christmas	25.00
Forensic Council	30.00

STUDENT BODY ORGANIZATION

J. Fred Speer

The organization of student body government at Park College is made up of four officers, a student council or executive committee, forensic council, athletic association, men's Cu Cu Club, women's pep committee, and a sophomore committee for the enforcement of freshman rules. A revision of the constitution was made in 1925. Since that time amendments have been added as occasion arose.

Activities

FORENSICS

FORENSIC COUNCIL

FORREST W. BEERS
Coach of Oratory

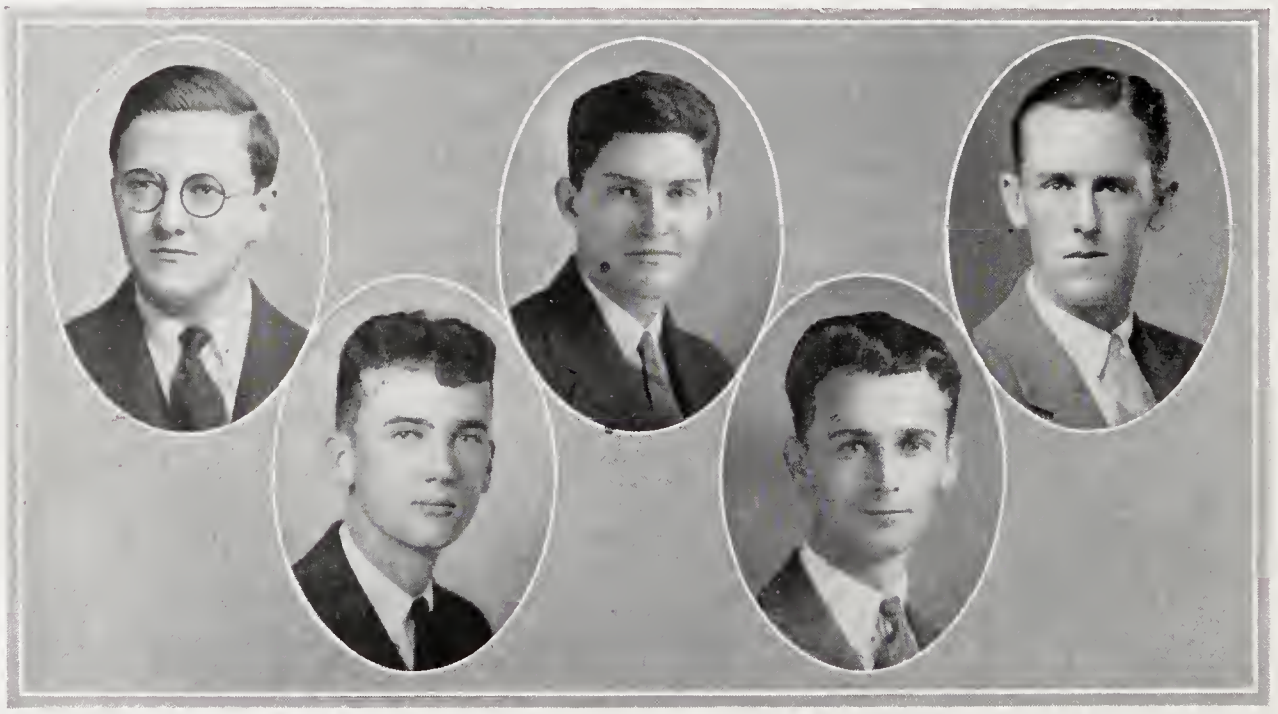
Forensic activities, as provided for in the student body constitution, are handled through the forensic council. This organization is composed of the coaches of oratory and debate, a representative from each of the men's literary clubs, a representative from the student body, and the president of the local chapter of Pi Kappa Delta. The president of the debate fraternity is also president of the council.

FORREST H. ROSE
Coach of Debate

The council promotes intercollegiate forensics at Park, both in debate and oratory. All expenditure of funds provided for forensics from the student enterprise fund is handled through this organization. Programs at the debates and oratorical contests are provided by the council, and its members care for all visiting orators and debate teams.

Since the appointment of Dr. F. W. Beers as head of the public speaking department, forensics have received a very noticeable stimulus. Dr. Beers has coached orations for a number of years since his graduation from Northwestern, and his orators have been extremely successful, as evidenced by the national victory in the Old Line contest last year.

Professor F. H. Rose, in his first year's coaching at Park, has developed a highly efficient debate machine. His debaters, both men and women, have won a large percent of victories this year.



Kell Todd Griffin Ross Taylor

NATIONAL ORATORICAL CONTEST

Glenn Ginn

Park College, through its orator, Glenn Ginn, won the national Old Line oratorical championship for 1927, in the final contest at Evanston, Illinois. This championship had been won by Park once before, in 1899, when Perl Decker represented the school.

Using a speech on Chinese relations, entitled "The Yellow Peril," Ginn won over several seasoned orators in the local contest after Christmas. Later he took the state contest at Central Wesleyan College, at Warrenton, Mo. The interstate contest of five states, held this year at Park, resulted in another victory for Ginn, who concluded his plea for the Orient in a national victory at Evanston, May 20. The orator was coached by Dr. F. W. Beers.

Ginn is a native of China. His oration, strong and pleasing, was colored with the sincerity of the speaker. Believing that the present crisis in China has been caused largely through misunderstanding, Ginn pleaded for a careful survey of the Chinese situation. According to his oration, ill will on the part of the Orient would cease if the Chinese rights as citizens were recognized.

Ginn carried the enthusiasm of his belief into every gesture. His stage presence swept the audience into his line of thought; in both contests held in the local chapel, he was given a strong ovation.

The final dramatic word gesture of the oration was striking: "My friends, there need be no yellow peril."

Dr. Beers Mrs. Hawley Ginn Dr. Hawley

1927 ORATORY

Under the directorship of Dr. Forrest W. Beers, the 1927 year of oratory included notable victories in addition to the national Old Line championship.

Garrett Kell, with his oration, "The Great Adventure," won the local Peace contest; William Cecil placed second and Craig Kent third. Kell took his oration to the state contest, where he won over speakers from Drury and Central Wesleyan colleges. In the national contest, judged from manuscripts, he failed to place. In 1926 Wallace Wolverton, winner for Park of the state contest, tied for second place in the national contest.

The local Constitutional contest was carried off by Arthur Todd, with Clarence Ross second, and William Tipton third. Park was represented by Carl McIntire at the regional Constitutional contest at Hastings, Nebraska, where he placed third.

Additional victories were achieved at the provincial Pi Kappa Delta contest, held at Mt. Pleasant, Iowa. Representatives from four states contested for honors. Garrett Kell won first place in oratory, Mary Hartman was second in women's extempore speaking, and Carl McIntire was second in men's extempore speaking. In the general competition for the best record at the provincial, Park tied for first place with Central Wesleyan College of Fayette, Mo.

In the national Pi Kappa Delta convention, held at Greeley, Colorado, in the spring of 1926, Kingsley Given won third place in oratory. Given was a senior at Park at the time.

Dr. Beers coached all of the winning orations; consequently his name should be included among those bringing renown to Park.

Todd McIntire Kell

1928 ORATORY

Although the Old Line oratorical contest for 1928 was taken by Garrett Kell, the college was represented at the state contest by Delyte Morris. In this contest, held at Fulton, Missouri, Morris was ranked second among the five orators competing. The state contest was very close, as is evidenced by the fact that in the judges' score there was only a point's difference in the status of the winner and that of Park's representative.

Morris, in his oration, "Part of Us," considered the race problem in the United States today, and presented a strong appeal for the setting aside of prejudice against the negro race. He presented the philosophy of fairness and of willingness to give every human being a chance to develop native talent.

Morris also delivered his oration at the national Pi Kappa Delta convention at Tiffin, Ohio, among competition from forty-two other colleges. He reached the semi-finals before suffering elimination. In women's oratory, Park was represented at the national convention by Louise Lawrence, who placed fourth among the twenty-four women competing. "Democracy Today," Miss Lawrence's oration, dealt with the responsibility of individuals within a democracy, and the responsibility of the United States as a democracy in the society of nations.

Dr. Beers, coach of oratory, announced in April that there seemed to be no strong competition for the Peace contest, which was accordingly abandoned. In the constitutional, the college has selected Arthur Todd as representative in the state contest, held the last of April. Todd was winner of the contest in 1927, and has worked out a new oration considering the constitution as an experiment.

Todd Lawrence Morris

MEN'S DEBATE

During the 1927 debate season, the policy was followed by John Moore, debate coach, of making debate as much as possible an activity for student development, rather than an attempt to score a high percentage of debate victories. This policy had been used the preceding year, when he also coached debate. Each of the fourteen men on the squad participated in one or more debates during the season.

Seventeen contests were held during the 1927 season, the Pi Kappa Delta question furnishing the topic on most of the encounters. The question reads: "Resolved, that the Congress of the United States should enact legislation embodying the principles of the McNary-Haugen bill."

A number of novel debates were held during the year. In one debate with Occidental College, Park upheld the affirmative of the question: "Resolved, that democracy has failed." An audience vote gave the decision to the negative, 40 to 42. A victory over Central College resulted when Park debated at that school on the question of athletics. A split team debate on the question of the recognition of Russia was held at Westminster College.

Although the majority of the debates were of the non-decision type, those in which a decision was given resulted in two victories and three losses for Park. A feature of the non-decision debates was the open forum which followed the close of the debate. The non-decision debate has largely been replaced this year by the one judge decision debate.

Ginn, Griffin | King, McIntire | Lawrence, Mertz | Panhorst, Morris | Rivers, Powell | Edwards, Smith

WOMEN'S DEBATE - FRESHMAN DEBATE

The steady growth of interest in women's forensics at Park College was strongly evidenced during the 1927 debate season by the size of the women's debate squad and the extensive participation in debates on the Pi Kappa Delta question: "Resolved, that the Congress of the United States should enact legislation embodying the principles of the McNary-Haugen bill." The members of the squad were Dorothy Bunker, Henrietta Doltz, Janie Long, Clara Mae Jannuzi, Margaret Whiteside, Alice Wimmell, Ruth M. Campbell, Mary Hartman, Elizabeth Polk, and Margaret Harris.

Debates during the season were engaged in with Tarkio, William Jewell, Missouri Wesleyan, and Kansas University. Most of the debates were of the non-decision type; the two debates having a decision resulted in losses for Park. The women's squad was coached by John Moore.

The debate coach, feeling the need of special training to round the freshmen into creditable college debaters within the shortest possible time, organized a special freshman squad. The group of freshmen argued the Pi Kappa Delta question and received debate credit toward fraternity membership. Teams opposed freshman teams from William Jewell, Kansas City Junior College, and Westminster.

One of the features of the 1927 debate season was a radio debate at Kansas State Agricultural College. Lowell Wakefield, freshman, and Glenn Ginn, senior, represented Park.

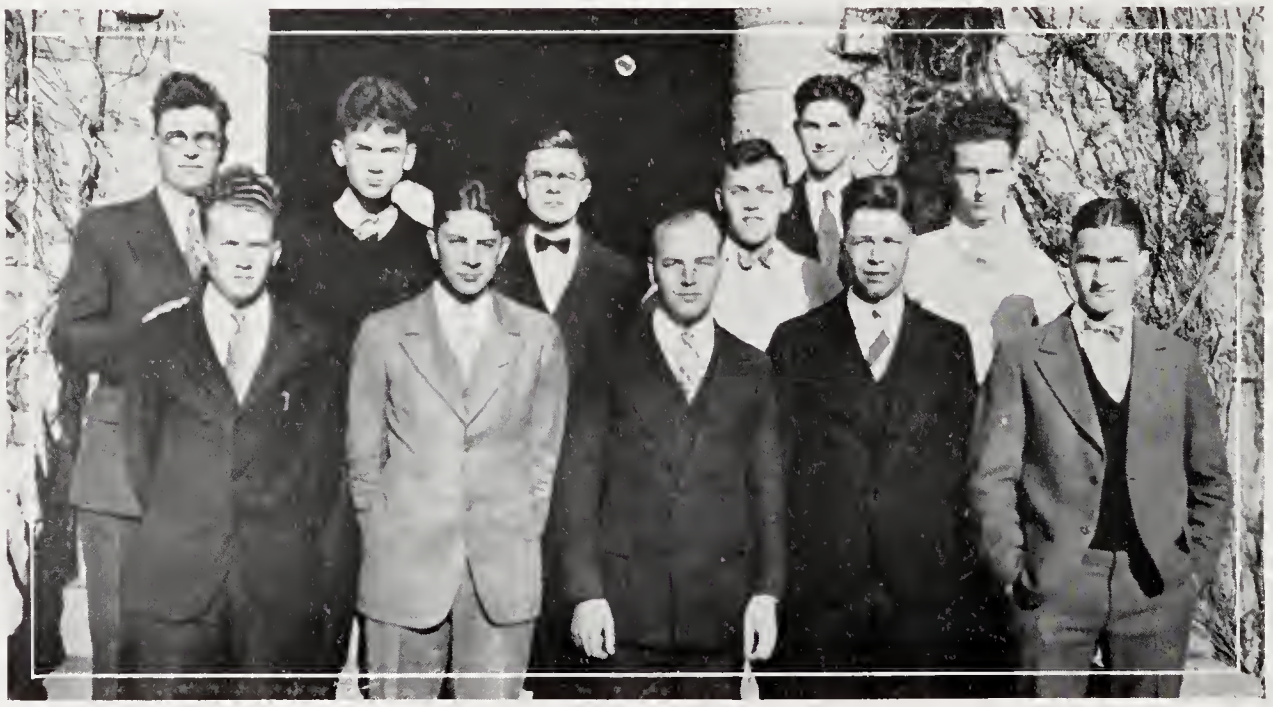
MEN'S VARSITY DEBATE 1928

The debate squad for 1928 was composed of a group of fifteen men, working under the leadership of Professor Forrest H. Rose. Practically every member of the squad engaged in at least one debate during the season. A majority of the debaters were experienced men, though several freshmen debated regularly.

Men's debate teams from Park engaged in twenty-five contests during the year with teams from other schools. Of this number, fourteen were victories, seven were lost, and four were of the non-decision type. Consequently, Park won two-thirds of the season's decision debates. In the pentagon league, composed of Missouri and Kansas schools, Park tied for first place with Missouri Wesleyan College, each school having lost only one debate in the league.

Park entered two men's teams in the contests at the national Pi Kappa Delta convention at Tiffin, Ohio, in April, where they won five of the nine debates in which they engaged. This margin gave them a ranking in the upper fourth of the ninety-five schools participating, before they were eliminated.

The question employed in most of the debates was the Pi Kappa Delta question: "Resolved, that the United States should cease to protect by armed force capital invested in foreign lands except after a formal declaration of war." During the year debates were engaged in with Kansas State Agricultural College, St. Mary's College, Kansas City Law School, Kansas City Junior College, Missouri Wesleyan, College of Emporia, William Jewell, Baker University, Ottawa University, Central College, Drury College, and Westminster. This list excludes the teams met at the convention.



Powell Todd Young Mertz Griffin Adams
Smith Young Taylor DeHaven Fowler

WOMEN'S VARSITY DEBATE 1928

The strong women's debate squad for the season of 1928 was composed of seven debaters. Interest in women's debate has grown steadily enough in the last four years that the feminine squad has acquired considerable prestige. In the twelve debates held during the 1928 season, seven were victories, four were lost, and one was of the non-decision type. This record gives the squad a sixty-four percent victory schedule.

Park ranked second among the five Missouri and Kansas schools comprising the women's league of debaters. A Park team was the only one in the league to administer a defeat to Ottawa University, the winner of first place.

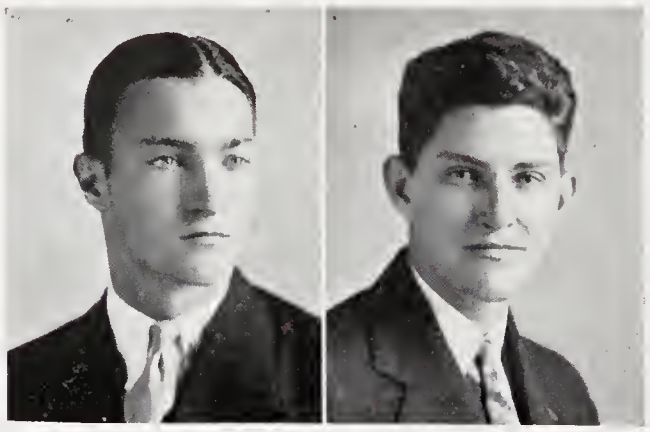
In the national Pi Kappa Delta convention at Tiffin, the women's team from Park won three debates and lost two before receiving elimination. This record placed Park in the upper fourth of the forty-two teams entering into women's debate.

With the exception of the extemporaneous debates, the question used in the women's contests was the same as that employed by the men: "Resolved, that the United States should cease to protect by armed force capital invested in other lands except after a formal declaration of war."

Schools with which Park women competed, exclusive of the convention teams, were Ottawa University, College of Emporia, William Jewell, Bethany College, Emporia Teacher's College, Washburn, and Sterling College. The debaters were trained by Professor Forrest H. Rose, coach of debate.

Doltz Douthat Evans
Isbell Campbell Bunker Harris

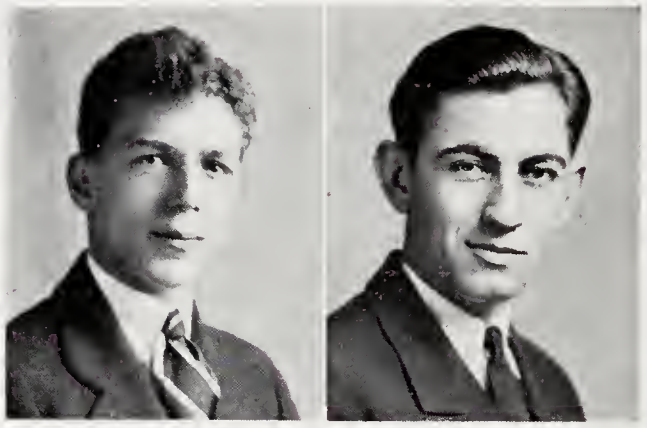
MEN'S VARSITY DEBATE



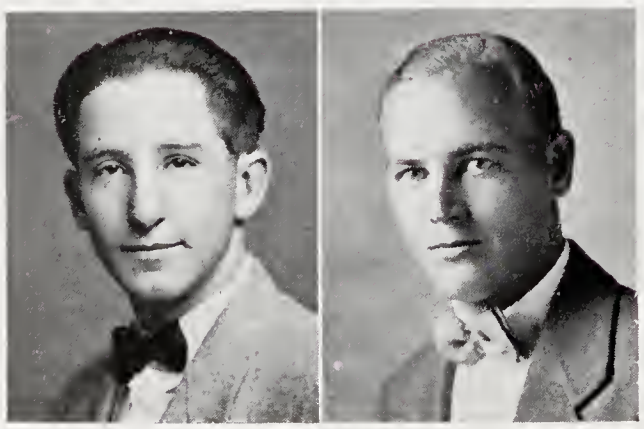
FOWLER GRIFFIN

Russel Fowler and William Griffin composed one of the teams which represented Park at the national Pi Kappa Delta convention at Tiffin, Ohio. They also participated in numerous other debates, doing most of their work on the affirmative of the armed intervention question. Neither of these men graduates this year; consequently, their presence should lend strength to the forensic organization for 1929.

Delyte Morris is a senior, having completed with this year a three-season period as a Park debater. His interest extends over the entire field of forensics. Donald Blackstone, in his first season's work, has added greatly to a successful year in freshman and varsity debate. His ability and experience will be felt in next year's contests.



BLACKSTONE MORRIS

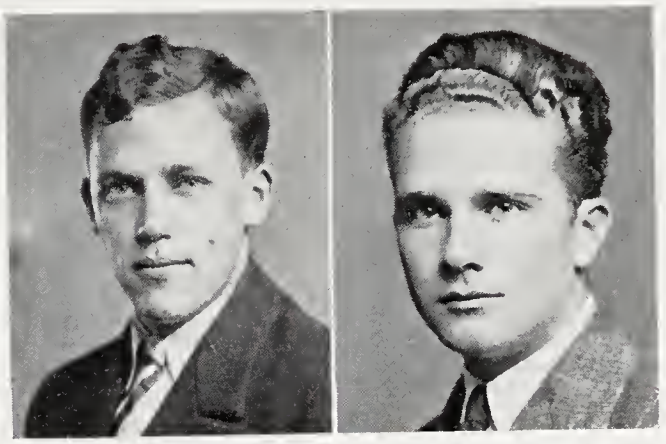


ROUSSEAU TAYLOR

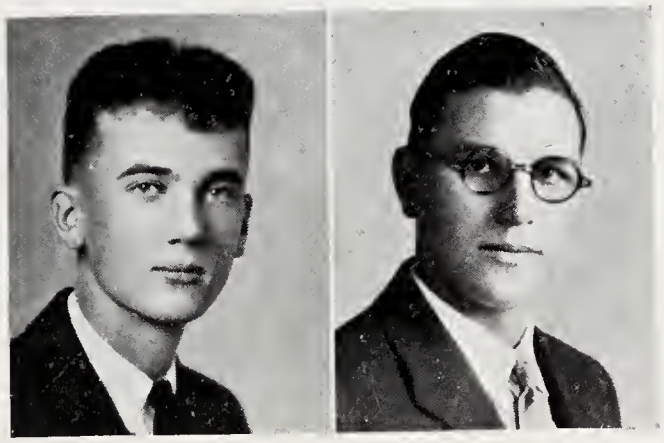
Edward Rousseau and Walter Lee Taylor both entered the squad for the first time this year. Rousseau competed in the freshman series, as well as in varsity debate. Taylor, who is a sophomore, gained his initial experience in upper class debating.

MEN'S VARSITY DEBATE

William Mertz and Hubert Smith also composed a team which participated in the contests at the national Pi Kappa Delta convention. Debating on the negative of the armed intervention problem, they engaged in additional debates with several Missouri and Kansas schools. Both men are seniors, and leave a considerable gap in the ranks for '29 debate.



MERTZ SMITH



TODD POWELL

Arthur Todd and Russell Powell both came to this season's squad with a year's experience in varsity debating. Powell did most of his platform work this year in extemporaneous contests. Todd debated the Pi Kappa Delta question. Todd is a sophomore and Powell is a junior. Both men will contribute toward building a strong squad next year.

George DeHaven and William Young are two men from the first year class who have contributed much to Park's season of varsity victories. In addition, they have competed in freshman contests. This team helps to brighten the outlook for another successful season, which has in store a strong team out of the plentiful underclassmen material.

DEHAVEN YOUNG

WOMEN'S VARSITY DEBATE

BUNKER CAMPBELL

Dorothy Bunker and Ruth Campbell were the members of the team which represented Park in the contests at the national convention of Pi Kappa Delta. In extemporaneous contests, as well as in debates on the regular league subject, these women did effective work throughout the season. Both are seniors; their places will be filled with some difficulty next year.

Margaret Harris and Henrietta Doltz are experienced debaters whose work on the Pi Kappa Delta question has contributed materially to the successful season of women's debate at Park. They debated the negative of the question. Both women are finishing college work this spring.

HARRIS DOLTZ

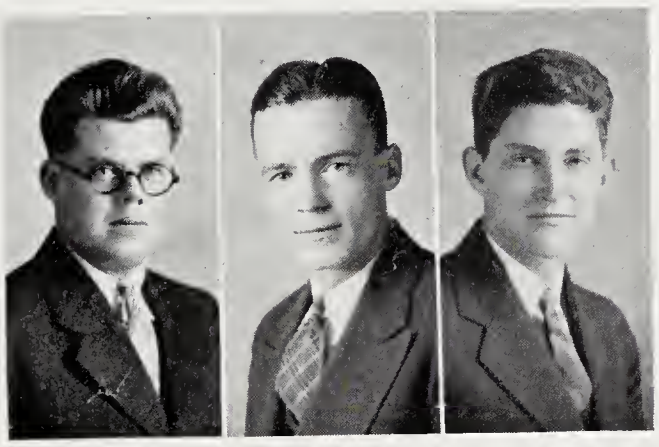
EVANS DOUTHAT

Maxine Douthat and Wilma Evans were first year debaters who maintained the standards set by their experienced teammates. They debated affirmatively on the armed intervention question. Miss Evans is a sophomore, and Miss Douthat is a junior. Both will be eligible for debate next season. Their presence will partly offset the loss of four varsity debaters.

INTRAMURAL DEBATE

Since Parchevard Club did not participate in the 1928 debate series, only one debate was held. The Webster team of Robert Long, Merlin Findlay, and Earl Ross defeated the Lowell team composed of William Overhulser, William Finley, and Otto Bergner. The winners advanced the negative of the Missouri River question, maintaining that the United States government should not make the river navigable.

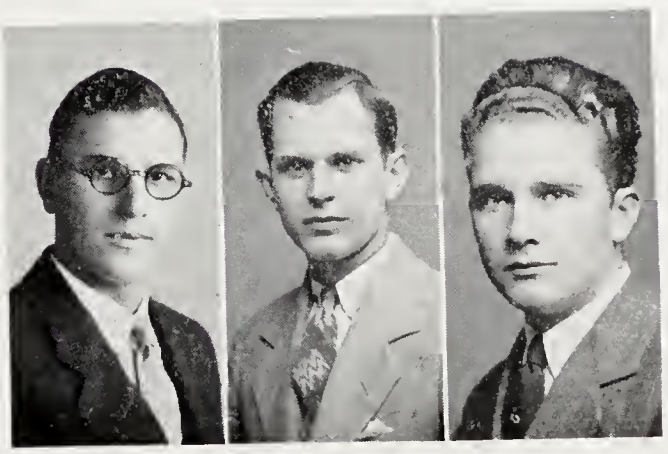
LONG ROSS FINDLAY



JONES OFTEDAHL GRIFFIN

Lowell Club defeated both of the other clubs for the championship in the 1927 intramural contests. Maurice Jones, Einar Oftedahl and William Griffin, Lowell representatives, defeated John Case, Edward Cline and Raymon Morrow of Parchevard in the first debate. The successful team upheld the affirmative of the question: "Resolved, that compulsory military training should be abolished in tax-supported schools."

Russell Powell, Genss Jackson and Hubert Smith, for Lowell Club, won the second contest from other clubs against John Banghart, John Waterman and Fred Speer, of Webster, with the affirmative of the uniform marriage and divorce laws question. Runner-up in the series was Parchevard, whose team of William Mertz, Harold Taylor and Calvin Knotter defeated David Waterman, Donald Agnew and Craig Kent, of Webster, on the cancellation of allied war debts problem.



POWELL JACKSON SMITH

CLASS DEBATE

In order to stimulate class spirit, as well as interest in forensics, the freshman and sophomore classes conduct an annual debate, with a decision by three judges. The 1928 debate was held on the question: "Resolved, that Park College should adopt a compulsory system of athletics." The freshmen, fresh from the freedom of high school and chafing under the restraint of college rules, presented their case well enough to receive a 2-1 decision from the judges.

Freshman Team	*Sophomore Team*
George DeHaven	Arthur Todd
Don Blackstone	Louise Lawrence
George Phillips	Russel Fowler

The 1927 freshman-sophomore debate was on a related topic: "Resolved, that Park College should adopt an intensive program of intercollegiate athletics." The sophomores, with the negative side of the question, won the judges' decision, 2-1.

Freshman Team	*Sophomore Team*

PUBLICATIONS

THE 1928 NARVA

HOWARD BRECKENRIDGE

The 1928 Narva is a literary attempt. The production represents the best efforts of twenty interested students to present the Park College of the present time, both in its evident and its indefinable strength.

We have endeavored to chronicle events over the past two years presenting the attitude which distinguishes our college from other institutions. There has been perfect harmony in our efforts, because the students and professors have desired a successful publication. Of that attitude we are most appreciative.

The '28 book carries the theme "Labor." The opening section visualizes the scope and power of industry, from farming to power production. The divisions trace one industry—publishing. Because it was felt that the staff page was the proper page for personal comment, the foreword page was omitted. We have desired to achieve originality and freshness in the art work without losing the restraint of a literary production. Those features have been selected which we felt were most inclusive and most representative. The planning of the book was interesting, and there was a fascination in seeing ideas materialize into black and white and gray-green.

If our book carries the Park College spirit of optimism, if it holds true to "truth, sincerity, and imaginative power," and if it meets with your approbation, then we are content after a year's labor.

Todd Lenters McEwen McCance Bible Snyder Markward Smith

THE 1928 NARVA

The staff for the Narva was selected through submitted manuscripts. Each editor assumed full responsibility for the literary content of the section undertaken. Sub-divisions, flippancy cartoons, and end-sheet design were prepared by student artists. The editorial responsibility became a matter of routine after the last page of copy was submitted, April 10.

THE PARK STYLUS

Covel Lucas

The Park College Stylus, a weekly publication, is a student body news sheet, with the editor and business manager elected by the student body, and the staff selected by the editor and business manager. Under the system adopted this year, the publication, with Covel Lucas as editor, is issued in connection with the journalism class, taught by Miss Elizabeth Maupin. The staff is selected from the class membership.

Clifford Ehrett

A point system on article writing has been adopted, with the result that the staff positions are earned impartially. The editorial staff includes the positions of assistant editor, news editor, forensics editor, literary editor, feature editor, sports editor, and re-write editor. The personnel of this staff has been revised twice this year.

Finances for the paper, which is published at the college printing plant, are secured through advertising and through the student enterprise appropriation. Advertising solicitations are made both in Parkville and Kansas City by Clifford Ehrett, business manager, and his assistants.

The paper, besides presenting advance news concerning college events, provides a record of activities which will interest both the student body and the alumni. About one thousand copies are printed, approximately half of which are circulated off the campus.

MUSIC-DRAMA

GLEE CLUB

JAMES GODARD
Student Leader

The present college glee club was organized in 1895 by Dr. J. E. McAfee. In 1904 Professor R. V. Magers took the club over, and it has been under his direction for the past twenty-four years. The club takes an annual trip of one week or more, making its own expenses. In 1911 the club went to California. This year a tour was made through the States of Kansas, Missouri, and Oklahoma. In the state contest this year, Park's glee club placed second. Appearances were made by the club at various political conventions throughout the year.

CHOIR

Since the establishment of the college in 1875, there has been a choir composed of college students to furnish music for the church services. The choir has been under the direction of Professor R. V. Magers since 1917. At present there are forty-one members and an accompanist in the college choir.

PARK-LAWRENCE BAND

Duke Loucks

In 1902 the Park-Lawrence band was officially organized as a result of a gift of a set of instruments from Mrs. G. A. Lawrence. Claude O. Rader took over the supervision of the band in that year. Mr. Rader has retained the directorship. Duke Loucks handles the assistant directorship.

Concerts in Kansas City churches, radio concerts, and a home concert comprise the program of the band each year. As a social part of the year's program, the band has an annual banquet. A reader, Leland Kuns, an accompanist, William Howie, and a soloist, Arthur Todd, are used on programs.

ORCHESTRA

As its direct function on the campus, the college orchestra endeavors to alternate with the choir in furnishing music for Sunday evening church services.

The orchestra is supervised by Claude O. Rader. Duke Loucks is the student assistant director. The orchestra has given several radio concerts, but as a rule does not make public appearances off the campus.

The organization was endowed by the late Mrs. George A. Lawrence.

MUTINY CREW

Plans begun last summer were realized in the fall of 1927 when the Mutiny Crew, Park's jazz orchestra, was organized by Al Hickman, director, and Harry Cook, business manager. The name was chosen in accordance with the orchestra's purpose of furnishing jazz and enjoyment for Park Pirates. This group of harmonizers furnished music on various occasions, such as the dedication of Herr House and Thompson Commons and the Freshmen Chapel Event. The most enterprising accomplishment of this orchestra was an entertainment in McCormick Chapel given in collaboration with the Cu Cu Club.

DULCY

With Helen Spencer as the character Dulcy, Kaufman and Connelly's three-act comedy was presented by the senior class on the evening of May 28, 1927. As the climax of class day activities, the play provided entertainment for a large audience of alumni and guests, as well as of students.

Particular skill was displayed by George Carey in the interpretation of the part of Vincent Leach, the amorous scenario writer. The role of the jewelry magnate, Roger Forbes, was well handled by Marshall Wood.

Helen Spencer, as the wife who entangled her husband's business affairs with such confidence, was the star of the performance, and kept the audience amused all through the play. Mark Karr played the part of the worried husband. Maxwell Smith was effective as the brother of Dulcy and the successful rival of Leach for the affections of Angela Forbes, played by Priscilla Holmes. Other players were Clara Mae Jannuzi, Clark Neale Edwards, Albert Walker, and Genss Jackson.

This play was chosen by a committee, with the assistance of Miss Lyon, and the cast was selected on a try-out basis by the committee and Miss Miriam Wilson, the coach.

Holmes, Spencer, Jannuzi

THE ROMANTIC AGE

JUDITH ELLIOTT
BLAIR MCINTIRE

On the evening of December 13, the junior class presented the first dramatic production of the year, "The Romantic Age," by A. A. Milne.

The play was produced under the direction of Jessie Cassidy and Maxine Douthat, the coaches, and Clarence Ross, the business manager, with the assistance of Miss Mary Elizabeth Maupin. Music for the performance was furnished by a special orchestra. The financial results of the play helped to insure a successful Junior-Senior banquet later in the year.

Leading parts were taken by Judith Elliott as Melisande, the idealistic, imaginative heroine, and Blair McIntire as Gervase, her Prince Charming, who turns out to be a modern business man after all. Bobby, played by John Thatcher, was the dependable young Englishman who rather tardily discovers his love for the Cinderella of the family, portrayed by Eva Logan.

Particularly well handled was the role of Einar Oftedahl as Mr. Knowles, the imaginative and witty father. Katherine Crocker was amusing as Mrs. Knowles, the weeping semi-invalid. David Waterman, who took the part of Susan, the philosophical pedlar, and Donald Agnew, as Ernie, added to the humor of the play.

Logan Oftedahl Wells Thatcher Elliott McIntire Crocker

RIGHT YOU ARE (IF YOU THINK SO)

Under the direction of Professor Ethel E. Lyon, dramatic coach, Luigi Pirandella's "Right You Are" was presented by members of Theta Alpha Phi in McCormick Chapel, March 29. This was the first Theta Alpha Phi play having a cast restricted almost entirely to members of that fraternity.

Alice Wimmell

Henry Burnett played the part of Signor Laudisi, whose philosophy of individualism caused his friends so much bewilderment.

The difficult roles of Signora Frola and Signor Ponza, around whose lives and obsessions the play is woven, were skillfully handled by Alice Wimmell and Fred Speer. The girl whose identity remains unsolved was portrayed by Louise Zimmerman.

T. D. George handled with force the part of the self-important, impatient Signor Agazzi. Opposite him played Hazel Leonard, as the curious, gossipy wife. Other important roles were taken by Frances Zimmerman, Margaret Moore, Hazel Morrow, Ruth Schall, John Nordquist, Nuel Holman, Charles Wilkerson and George Phillips. Minor players were Maxine Douthat, Leland Harris, Mary Louise Snyder, Elizabeth Wells, Jessie Cassidy, Ralph Blackman and Albert Walker.

The producing staff included Howard Breckenridge, business manager; David Waterman, property manager; John Nordquist, stage manager, and Nuel Holman, electrician.

Moore, Nordquist, Morrow, Burnett, George, Speer, Wimmell, L. Zimmerman, Holman, Snyder, F. Zimmerman, Harris.

CLASS PLAYS

LELAND HARRIS

The dramatic program of 1927-28 included an inter-class one-act play contest, sponsored by Theta Alpha Phi. The plays were entirely student produced, each class casting and presenting a play of its choice. A prize of twenty-five dollars was awarded the senior play, "The Land of Heart's Desire," by the judges selected from the faculty membership of the fraternity. The other plays presented were "Aria da Capo," juniors; "Neighbors," sophomores, and "Trifles," freshmen. The program was one of strong competition, the student productions displaying a commendable knowledge of the principles of stage production.

In the winning play, the role of Maire Bruin, the imaginative bride, was portrayed by Leland Harris. Opposite her played Donald Bunker as Shawn, her husband. Sam Lenters took the part of the priest, Father Hart. Evadna Stone and Newell Hart Smith were effective as the superstitious Irish peasants. The mystical element was embodied in the Fairy Child, as played by Marjorie Keeney. Music was furnished by Beulah Parker and Komora Williams.

The producers were Jessie Cassidy, coach; Yvonna Stone, coach and costumer; Calvin Knotter, stage manager; Covel Lucas, property man, and Nuel Holman, electrician.

It is the plan of Theta Alpha Phi to make the evening an annual affair. A great deal of interest in the plays was aroused among the students, with the result that the house was well filled by a very attentive audience.

DORMS

HERR HOUSE

With the beginning of school last fall, two new buildings were opened to the Park students. These were the Donald Davis Herr memorial dormitory for girls and the Thompson Commons, a spacious dining hall. Herr House was built by Rev. Arthur Herr and his sisters as a monument to their brother, Donald. Mrs. Ruth E. Schall, Dean of Women, is housemother.

Mrs. Ruth Schall

Mrs. W. A. Cook

Through the generosity of Mr. A. O. Thompson, of Kansas City, Thompson Commons was erected. The building stands in memory of his son, Philip Bruce, who was killed on his way to enlist during the World War. Mrs. W. A. Cook had charge of preparing and serving meals the first of the year, but Mrs. John Moore took over the task March 1, 1928.

THOMPSON COMMONS

COPLEY-THAW

For a brief period during the late World War, Copley-Thaw dormitory was converted into an army barracks and was used by the Student Army Training Corps. With the termination of the conflict in 1918, work was again resumed on the structure which had been partially constructed before the war, and it was finished in 1920. Mrs. Margaret E. Moore is housemother of the dormitory.

Mrs. Margaret E. Moore

A number of years after its completion, Chesnut dormitory was without a name. It was not until after Miss Eleanor Chesnut, a missionary to China, gave her life in the Boxer rebellion, that the present name was adopted. Chesnut is at present a girls' dormitory, but it is expected to be turned over to the men in the near future. Mrs. Essie B. Guinn is the Chesnut housemother.

Mrs. Essie Guinn

CHESNUT

NICKEL

Five-cent coins donated by Sunday school children throughout the country made possible the erection and resulted in the name of Nickel dormitory. The building is located on the site of the old dining hall which was destroyed by flames. Mrs. Mary M. Whiteside is housemother.

Mrs. Mary M. Whiteside

Miss Hazel Morrow

At different times in its history, Terrace dormitory was known as Gillette Cottage Number Three, and, later, as Mount Zion dormitory. Owing to its location, however, the present name was adopted some twelve years ago. For a few years after its completion, the frame cottage was occupied by Acting President Lowell McAfee. It was later converted into a girls' dormitory, of which Miss Hazel Morrow is housemother.

TERRACE

SUNSET

Sunset dormitory was designed to be the home of Lowell M. McAfee, former president of Park. When he resigned in 1913, the building was converted into a girls' dormitory, but it was made a freshman boys' dormitory last fall. The interior of Sunset is finished in oak, all of which was cut and dried on the campus. Mrs. Mary Goodson has acted as Sunset housemother since it was made a boys' dormitory.

Mrs. Mary Goodson

Mrs. Sue V. Greene

Woodward dormitory is all that remains of the original college buildings. Some two decades ago building number one, formerly a hotel located near the river, was torn down and the stone was used in the construction of the dormitory. Woodward, of which Mrs. Sue V. Greene is housemother, is occupied by sixty freshman boys.

WOODWARD

GILLETTE

Gillette, the first of three cottages built with money donated by S. K. Gillette of Elmira, New York, was designed to be the home of H. B. McAfee, then business manager of the school. Approximately twenty-five years after its completion, the east wing, where Dr. and Mrs. F. W. Beers now live, was added. The second of the Gillette cottages was sold and the third became Terrace dormitory.

Mrs. F. W. Beers

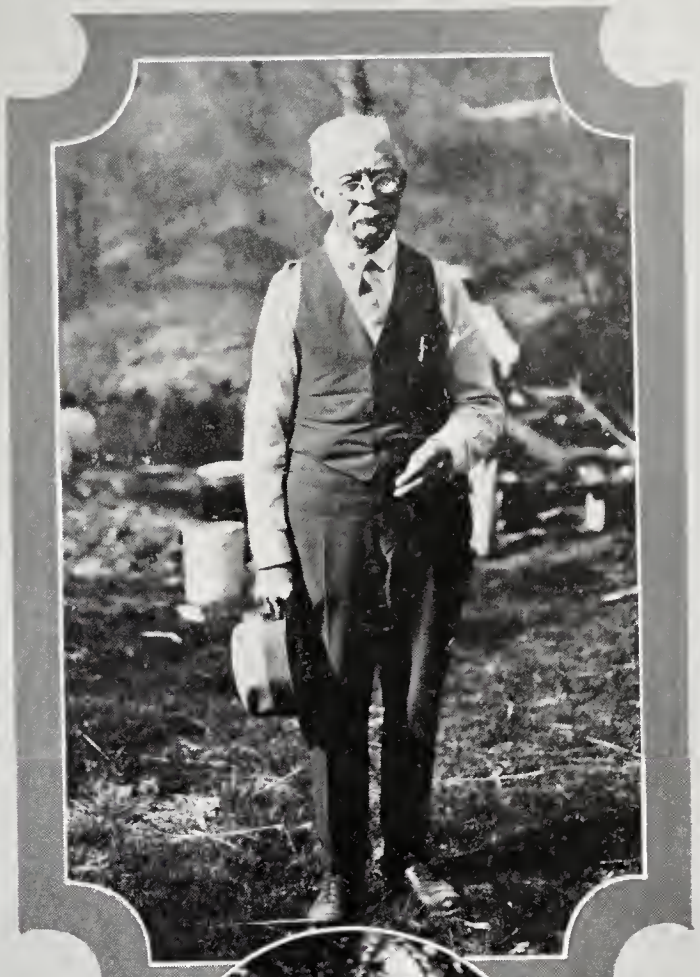
Miss Mary E. Maupin

Stephens' dormitory is a memorial to John W. Stephens, better known as "Uncle Johnnie." Shortly after he came to Park, Mr. Stephens built a home. This home reverted to the college upon his death, and became Stephens' dormitory, of which Miss Mary E. Maupin is housemother.

STEPHENS

CAMPUS LIFE

Park is all pep! Glenn Ginn comes home as victor of the National Old Line Oratorical Contest. For the second time in history Park wins the big victory.



The Villain enters, disturbing a fac~ ulty meeting. Other notables are snapped as they too escape for a minute from the exacting life at Park College.

The loveliest scene of the year at Park--the picturesque May fête. The fairies and nymphs come forth to dance about the May-pole.

Park's freshmen undergo trials and tribulations. If threats won't do the work, paddles will. And the fairer ones say those green caps have "It."

The big fight with two events-- tug-of-war and tie-up. Every year the lowly freshmen face the brawn of the mighty sophomores.

Though the freshmen fight valiantly for freedom after a period of subjugation, the sophomores come off the field as victors of both contests.

With youth goes romance, and with romance tender pledges ~~and they lived happily ever after.

The shadows and lights of the night life at Park are pictured the first time for the astounded world. No names are mentioned.

Athletics

A TRIBUTE TO PROWESS

Inasmuch as the athletic section of the Park College annual is built around intramural athletic contests, it was thought wise by the editors to give individual recognition to distinctive effort on the part of club athletes.

Accordingly, the athletes from each club were permitted to select a man out of their group to represent their club as a participant in competition. The succeeding pages bear the photographs of the three men thought most worthy by their fellow athletes to carry the honor of their club.

MEN'S ATHLETICS

INTRAMURAL ATHLETIC ASSOCIATION

L. A. Robbins

With the elimination of intercollegiate sports from the Park athletic program in 1926, the entire burden of carrying on a successful sports program was thrown on the Intramural Athletic Association. From the first this organization assumed the responsibility and during the past year has conducted intensive athletic competition between classes and clubs on the campus.

Tom Tracy

The Athletic Association was organized with the express purpose of promoting intramural athletic activities on the campus. Its membership is composed of two men from each literary society, and a faculty advisor. Professor L. A. Robbins served in the latter position during the past year. The Y. M. C. A. sports chairman, Tom Tracy, co-operates with the Association in sponsoring various activities.

Ray Logan	*Chairman of Track*

Ross Logan Kiel Young Mayfield Benson

Y. M. C. A. BASKETBALL

Competition in the Y. M. C. A. basketball league drew to a close on March 19, 1927, when the Burkwall Bullets, victors in the American league, defeated Harry's Horses, National league champions by a 24 to 20 score, thereby winning the title.

Morris Burkwall

Not over four points separated the scores of the two teams throughout the deciding contest. The half ended with the Bullets on the long end of the 13 to 10 score. At the beginning of the second period, the Horses took the lead, but lost it on a counter attack led by Crichton, which resulted in the final victory. Burkwall and Crichton starred for the champions, while Benson and Elsass were outstanding in the Horses' lineup.

In the competition in the American league the Bullets were likewise successful. They earned the right to represent the league in the final series by trouncing Logan's Loop Lizards in a fourth quarter rally, by a 28 to 25 count. The National league championship was won by Harry's Horses when they defeated the Elves, 19 to 14. Both championship games were evenly contested.

Owing to the discontinuance of inter-collegiate athletics last year, Leland Kuns' then "Y" athletic director, inaugurated this type of intra-mural competition, which proved very successful.

Crichton Lenters Burkwall Cochran Ireland

CLASS BASKETBALL

With three victories and no defeats to its credit, the senior quintet was given undisputed claim to the class basketball championship for the 1927-28 season.

In no contest during the season were the seniors hard-pressed for victory. They defeated the juniors by a 35 to 22 count, trounced the freshmen 22 to 11, and won the final game against the sophomores with a score of 25 points to their opponents' 19.

The junior class five placed second in the championship race, the sophomores third, and the freshmen last.

CLUB BASKETBALL

With four victories and one defeat to its credit, the Parchevard quintet won the inter-club basketball title this spring for the tenth consecutive year. The Webster five placed second with two victories and an equal number of defeats.

In the first round of the series, which started November 26, 1927, the Parchevards gained victories over both the Lowell and Webster teams, but in the second half of the competition they broke even, defeating the Lowells and losing to the Websters, which caused a tie for the championship.

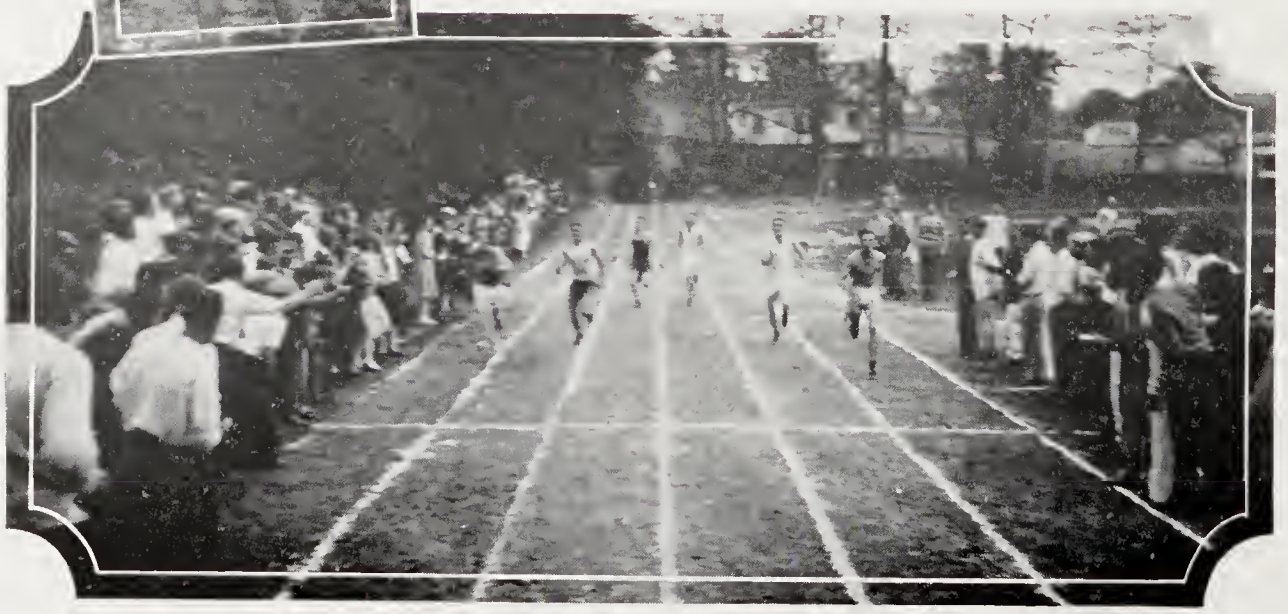
The Purple and Gold quintet won the title on February 25 by trouncing the Webster athletes, 17 to 10.

MEN'S TRACK

By winning eight firsts, setting a new record in the relay, and taking a number of seconds and thirds for a total of seventy-five points, the Websters won the 1927 annual track and field meet with ease. The Parchevards placed second and the Lowells were last.

The Websters were strong in the track events, but proved weak in the field contests. In this competition the Parchevards were supreme, winning four of the six events.

Earl Ross, Webster, received individual honors with a total of thirteen points. Robert Long, his teammate, tied with H. Elsass, Parchevard, and Russel Fowler, Lowell, for second high point honors, with ten tallies apiece.



CLUB BASEBALL

As a conclusion to an exciting inter-club baseball season last spring, the Webster nine won the title by defeating the "Parchies," 7 to 2.

In the final encounter both teams played hard, fast ball. Briggs, pitching for the victors, only allowed five hits, while he retired eleven batters on strikes. The Websters got eight hits from Hankins and Tipton, Purple and Gold twirlers, who retaliated by striking out eleven opponents.

The Parchevards fell before the hard hitting Websters earlier in the season. The score of this encounter was 5 to 3. The champions also hold victories over the Lowells.

CROSS COUNTRY

ARTHUR FREEMAN

The Webster runners won the annual Thanksgiving cross-country race last fall by defeating the Lowell 40 to 23. The Parchevard Club was not entered in the three and a half mile grind.

Arthur Freeman, competing for the victors, led the field of fourteen athletes at the finish. His time for the run was 21 minutes and 15 seconds, eight seconds slower than the record established by McMartin, a Lowell, in 1923.

Although he surpassed his winning time for 1926, Clelland Schermerhorn was unable to keep pace with his fleet teammate. He placed second in the race, finishing less than a minute after Freeman. The 1926 race, which was won by Schermerhorn, resulted in a 30 to 30 tie between the Websters and Parchevards.

Owing to a decision of the Webster athletes they did not compete for the D. C. Douglas trophy in the race last fall. Both the Lowell and Webster clubs now have two of the four victories required for permanent possession of the award.

WOMEN'S ATHLETICS

WOMEN'S ATHLETIC ASSOCIATION

JEANNETTE MCELHINEY

The Women's Athletic Association was founded October 15, 1927, for the purpose of furthering athletics and fostering true sportsmanship among the Park women. The principal activities under the supervision of the organization are hockey, soccer, basketball, hiking, volleyball, baseball, tennis and track.

Membership in the Association is open to all girls on the campus. Over fifty girls belong to the organization.

ELEANOR WHITELAW

During its first year of activity the Association was instrumental in developing interest in sports for women. In doing this the Y. W. C. A. athletic chairman, Eleanor Whitelaw, co-operated with the Association and the faculty advisor, Jeannette McElhiney.

WOMEN'S INTER-CLUB BASKETBALL

With victories over the Eurodelphian and Lucerne team to their credit, the Calliopean sextet was acclaimed champions of the women's inter-club basketball series held last winter.

A victory for the Eurodelphians in their game with the Lucernes was the opening feature of the three game series. The Eurodelphians kept a pronounced lead during this encounter, winning the fray with a score of 17 points to their opponents' 12.

In the next encounter the Calliopeans administered a second defeat to the Lucernes at the end of a hotly contested battle. The final tally was 25 to 16. In this game, as well as in that with the Eurodelphians, Alice Kunkel starred for the Lucerne sextet.

Dorothy Lundy

On December 12 the Calliopeans won their second victory by defeating the Eurodelphians in the deciding encounter.

During the first half of the game the victors demonstrated a marked superiority, and the period ended with the score standing ten to four in their favor. In the second half, however, the Calliopeans faced a rejuvenated team, which gradually lessened the lead until the score was tied at eleven points. The Eurodelphians then forged ahead with a field goal, but the Calliopeans retaliated and the game ended with an 18 to 14 score.

WOMEN'S CLASS BASKETBALL

Ann McCuish

Victory in the women's class basketball championships was won March 27, 1928, by the sophomore sextet when they defeated the freshman team in an overtime game.

With the sound of the final whistle in the deciding fray, the score was tied at fourteen points. In the overtime period which ensued, each team fought desperately, but neither could gain an advantage until, with a few moments to play, Dorothy Lundy sank the field goal which won the game, 16 to 14.

In this encounter the sophomores gained an early lead and until the freshmen tied the score in the fourth quarter, apparently had the game won.

The women's class series opened March 6 with the sophomores defeating the senior sextet, 24 to 17. In the next game the freshmen made their debut by trouncing the juniors, but later lost to the seniors. The juniors also met defeat at the hands of the sophomores.

One more game was to have been played, but the sophomore victory made it unnecessary. The victors were undefeated during the season, winning all three of their contests. The seniors won one and lost one game and the juniors were vanquished in both of their starts.

HONORARIES

THETA ALPHA PHI

Frances Zimmerman

In January, 1923, the Beta Chapter of Theta Alpha Phi, national honorary dramatic fraternity, was established at Park College through the interest of members of "The Masquers," the local dramatic society. The fraternity desires to foster interest in the creation and presentation of drama in colleges and universities. With this purpose in mind Theta Alpha Phi sponsored a contest this year of one-act plays among the four college classes. Since the publication of the last Narva the following plays have been presented: "The Pigeon," "Milestones," "Right You Are," and a group of one-act plays.

PI KAPPA DELTA

Pi Kappa Delta is a national honorary debating and oratorical fraternity. Those eligible for membership in this organization are all intercollegiate orators and those members of the debate squad who have debated for two years or more. Pi Kappa Delta strives to promote the best type of intercollegiate forensics. In accordance with this aim, it sets and maintains a high standard of eligibility, encourages keen competition in the intellectual fields of oratory and debate, and fosters the spirit of fair play and friendship in all intercollegiate forensic activities.

BETA PI THETA

Frances Zimmerman

Beta Pi Theta is a national honorary French fraternity. Theta Eta, the local chapter, was established at Park College in 1926. Its purpose is to organize students who will, by travel, study, conversation, influence, and ability, advance literary French in America. Members are selected from among students who are majoring or minoring in French and whose general and French scholarship is above the average. Programs include as balanced a selection as possible in language, literature, art, music, and dramatics.

ALPHA DELTA

In April, 1927, Alpha Delta, local honorary scholastic fraternity, was founded. Previous to that time no organization existed for the recognition of high scholarship records. The fraternity seeks to present annually an address or lecture by some scholar of standing in the educational world. Membership is restricted to the Phi Beta Kappa members on the faculty, to faculty members who were first honor graduates of Park, and to a small percentage of each senior class, which has maintained a high scholastic average.

HONORS COURSES

Dean W. F. Sanders

In order to encourage a higher standard of intellectual attainment and to meet the needs of gifted students, a plan of Honors Work was adopted by Park College in the spring of 1927. Students are admitted to Honors Courses at the end of the junior year. In selecting candidates, general scholarship record and ability, as well as special aptitude for independent study, are carefully considered. The field of concentration is arranged by the department in charge of the student's work. Candidates for an Honors degree are required to pass comprehensive examinations, both written and oral, to write a thesis, and to possess a reading knowledge of French or German.

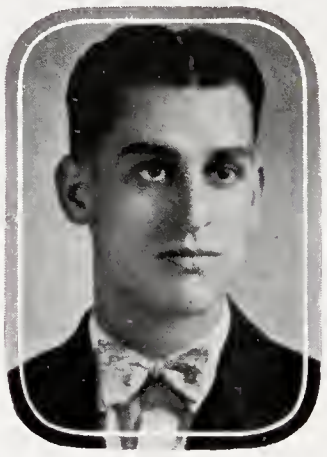
GENERAL

Y. M. C. A.



Leland Kuns

The majority of the men on the campus hold membership in the Y. M. C. A., an organization which attempts to promote and foster Christian character and fellowship. Meetings are held every Thursday night. In 1927 the "Y" introduced a system whereby central meetings, at Alumni, are alternated by dormitory meetings in Copley, Woodward and Sunset, the aim being to stress the main meetings and to reach more men through the local meetings. The varied activities of the "Y" include the promotion of athletics, boys' work in Parkville, and the conducting of the Sunday night meetings at the Helping Hand Institute in Kansas City.

Y. W. C. A.

For sixteen years the Y. W. C. A. has lived its motto of "Honesty and Comradeship." The purpose of its members is to "unite in the determination to live unreservedly Jesus' law of love in every relationship and so to know God." The Francis Clinton Hut, which was completed in 1923, is the Y. W. C. A. home. The program of the year begins with the Big and Little Sister reception and includes, aside from the regular weekly meetings, a bazaar in the fall, and an operetta and a May fete in the spring.

MATTOON MATHEMATICS CLUB

In 1922 the organization of the Mattoon Mathematics Club was accomplished through the efforts of Professor R. A. Wells, head of the department. Any student who is majoring or minoring in mathematics is eligible for active membership. The aim of the club is to further interest in the study of mathematics and to investigate subjects of mathematical interest that are not presented in the classroom. Meetings are held every two weeks, at which a program is presented. This program is conducted under the leadership of a student and consists of an informal discussion of mathematical topics. A banquet, held once a year, provides for the social activity of the club.

HISTORY CLUB

The History Club was established in the spring of 1927 with the purpose of investigating such subjects of historical interest as would supplement actual classroom work. Anyone interested in the field of history may become a member. Meetings are held twice a month and by means of papers and talks by students, professors, and outside speakers, interesting programs are presented.

WAKEFIELD SCIENCE CLUB

Wakefield Science Club was organized in 1926 for the benefit of pre-medical students, but now includes as members those who are majoring or minoring in the natural sciences, i. e., Chemistry, Physics, Biology, or in Home Economics, and who have studied science at least a year. The club attempts to promote an active interest in science. Papers which show the close interrelationship among the various sciences are prepared by students to be read at the bi-monthly meetings. Often Park College professors or prominent doctors and scientists address the club.

INTERNATIONAL RELATIONS CLUB

The International Relations Club is an organization of both faculty members and students who have as their aim a better understanding of world affairs. The club attempts to gain a clear and unbiased view of international situations, being especially interested in the relations of the United States to foreign countries. Affiliation has been made with the Carnegie national organization of International Relations Clubs, and books and pamphlet material for study are contributed through the library by the Carnegie Endowment for International Peace. The club has a membership of sixty-seven: twenty teachers and forty-seven students.

EL CLUB CERVANTES

In 1927 El Club Cervantes was organized with the two-fold purpose of stimulating interest in the study of the Spanish language and literature and of providing acquaintance with Spanish-speaking countries. Its membership is restricted to those who have given evidence, by appearing before the club, of their ability in either oral or written Spanish. Meetings are held twice a month; the programs are planned with the object of studying Spanish customs, literature and music.

LE CERCLE FRANCAIS

Le Cercle Francais was founded in 1921 by Dean W. F. Sanders and Miss Charlotte Chantrelle, of the Modern Language department. The club endeavors to encourage and perfect the study of the language, literature, and arts of France, among students of French. Meetings are held once a month, the programs being conducted entirely in French, and followed by games played in French. During the past year Le Cercle Francais presented a one-act play, *Le Cuvier*, which was one of a triplet of plays given under the auspices of the Modern Language department.

CU CU CLUB

Originally established in 1921 for the promotion of pep on the Park College campus. the Cu Cu Club has grown to be an organization with a duo-personality. Not only does it serve as a stimulus to pep, but it also entertains when the oppression of the routine life of studies weighs too heavily upon the student body. "Mirth, admit me of thy crew" might well be the motto of the Cu Cus, for they have a "hot time" both in furnishing foolishness and in putting Park pep on the map. The membership of the club has been larger this year than in the past and has shown a greater diversity of talent. It consists of the president of the student body, the cheer leader, and seven other Pirates appointed by the president.

RELIGIOUS

MINISTERIAL GROUP

The Ministerial Group, an outgrowth of the Association of Ministerial Students, is a strictly local organization, not being affiliated with any other similar society. The group comprises all men who expect to enter such full-time Christian service as the ministry and the directorship of religious education. Its purposes are to bind together those students who are preparing for the Christian ministry, to promote the cause of Christ, and to render such Christian service as the group finds possible. To accomplish this, the group attempts to increase the Christian training of its members by bringing to the campus prominent ministers and Christian leaders to discuss problems of particular interest. Many of the members actively participate in the leadership of the various religious organizations. Several are doing extension work, some having regular preaching charges, and others being ready to assist in missions and church schools.

CHRISTIAN ENDEAVOR

TRI-CLASS CHRISTIAN ENDEAVOR

The Tri-Class Christian Endeavor is sponsored by the three upper classes. The membership is not large, but is unitedly loyal to its purpose of giving an opportunity for self-expression on all topics of life and religion.

FRESHMAN CHRISTIAN ENDEAVOR

The Freshman Christian Endeavor is an organization similar in purpose and activities to the Tri-Class Christian Endeavor, but whose membership is confined to freshmen.

Flippancy

Flippancy

Be merciful to us, dear friends, as you continue. We have tried to record your college life. If our flippancy lacks flips, use your imagination. We have perverted the commonplace, converted the serious, and controverted the truth—and we give our best. Laugh it off!

PEPYS CHOOSES PARK

Samuel Pepys

May 1st—Did contemplate next a journeye to Park College. Fearing the disaster of death at my age urges me to continuance of search for a worthy college for my grandson. This fyne boy is three years of age.

May 2nd—To Parkville, Missouri, and there came to Park College an institution unique. Lodged in Alumni thence to dine at the Thompson. Savory smell of victuals inclined me to climbe painful steps of stairs also hearing from Speere the quality of cooking. Annoying jostling about among ruffins at the entrance, finally to enter by sharp rings of bell. This started great scramble, which causes me then to suppose some have not seats, but find sufficient enough for each. Hungry boys will hurry to victuals, I conclude. Find curious custom of prayers here. After seating comes silence. Some start up until great scraping, then Speere stands and lets prayer. Quaker custom, I conclude. Served four dishes to a messe. One dish strange to look upon; stranger to taste.

May 3rd—Did raine and storme in the night. Arose for morning worship and cinnamon rolls. As I had been informed. Wading through water to get home. Caught cold. Remained within doors watching most of day a pair of sweethearts walking to Stevens from my window. Missed attending classes of physick and chymistry. Heard much piano playing and musick from all about. Also singing.

May 4th—Discoursed with Deane and Spencer. Most acceptable thing to hear this discourse of intelligence and it pleased me mightily. Vociferous shouting out of Copley attracted me in haste. Found a singing and dancing in session.

May 5th—Pleases me very much here, being better in my estimation than Kidder Institute from whence I journeyed here. Did arrange that application papers be sent Samuel III.

(*The above extracted from a newly unearthed diary containing Pepys' travels.*)

Then Will Park be unique?

CLUB PLANS FOR THE YEAR

LUCERNE

New Lucerne bids will be required to pass comprehensive examinations in Sex Appeal, Sarcasm, and Bridge playing.

All pins must be collected for re-distribution.

CALLIOPEAN

The Calliopean Guide and Rule Book has been adopted. Rules against chewing gum, chewing tobacco, and chewing the rag, will be strictly enforced by means of demerits. For ten demerits, a member will be required to learn to spell C-A-L-L-I-O-P-E-A-N.

EURODELPHIAN

No Girl Scouts, Campfire Girls, Pioneer Women, Pig Raising Contest Winners, or Good Housekeepers, will be bid into Eurodelphian. The purpose shall be to eliminate any of the "capable type" from the organization. Men like "helpless creatures." Websters want men.

WEBSTER

The club will be divided into three divisions. This arrangement will permit all members to be inside the club hall during a meeting.

LOWELLS

Lowell athletes, trained by Uncle Walter, compete in the 1930 Olympics. Entrants in Hog-Calling and Mud Slinging have been chosen.

Rates on cigars for Uncle Walter have been obtained through Montgomery Ward and Co.

PARCHEVARD

The surplus from last year's club dues will be spent to re-floor the hall.

The new Record committee will spend Mondays at Jenkins.

New Parchies will not carry paddles into the chapel.

THE JABITE

"The Journal of Reciprocity"

We, the editors of the Jabite, hold ourselves up as the intelligentsia of Park College. Every good journalist should. We may be a group of unlettered, ungracious, unprepossessing and worthless men, but we know full well the folly of committing our soul to the public. We present our sheet to the "coterie of fools that set themselves on the pedestal of imagined intellect," as well as to those who have "tasted of the unholy waters of the desire for progress."

* * *

WEATHER REPORT

Dear Park—Moist and hot.

Dean's Office—Cool and threatening.

Near the Peek—Windy.

* * *

Unsupervised dating is a growing problem on our campus. Lately, reports of promiscuous ankling and necking have reached the administration. Of course, we cannot expect the continued support of our friends and the alumni if this condition becomes known to them. Thus the proposal of the Society for the Independence of Sexes (protege of the Jabite). The supervised dating system proposed by this organization is as follows: "A section 100 yards square in Dear Park be furnished with small benches placed five feet apart, each bearing a number. Above each bench there shall be a 100-watt light. At the beginning of the year, each male student will be assigned a bench. On Tuesday and Saturday evenings at 6:30 P. M. the boys will take their places. Ten minutes later the girls will come and find seats beside their dates. (This will not be compulsory.) Six housemothers will be designated to walk up and down the aisles until 7:30, when the girls will leave together. Different benches will be assigned every ten weeks for variety."

This proposal should meet with the heartiest support of the Administration and all students except that frivolous minority who are breaking down our morals.

CURRENT TOPICS

At the top of the canning industry we find not Mr. Heinz, but Dean Sanders.

Can't you just imagine McElheny telling his French teacher that the beauty of higher education is the teacher?

We hate to drag Anna into this, but no foolin', she thinks a caboose is an Indian baby.

Then there was the absent-minded student from Arkansas who ate with his fork.

"And as for pabulum," quoth Griffin, as he wandered dimelessly past Renner's, "I'm for prohibition!"

* * *

OUR POETRY

There is virtue in a kiss
Aside from every sense of bliss,
For while engaged in osculation
You needn't think up conversation.

* * *

OUR HUMOR

Voice on phone—Hello, Copley. Is Burns Lewis there?

Mrs. Moore—I think he's in bath. I'll see.

Voice—Never mind—I'll call later.

Trott—Was that exam very steep?

Whiteside—About a 60 per cent grade.

The business manager, trying to reform the editor: "I'm going to knock your (censored) head off if you don't quit that swearing."

"It's the little things that tell," said Ellen, as she dragged her little brother from under the sofa.

Dr. Jackson—First I'll take some sulphuric acid, and then some chloroform—"

Waterman—That's a good idea.

Librarian—Isn't this book rather technical?

Frosh—It was that way when I got it, ma'am.

THE ADENOIDAL REFRAIN

There was a young studend nambed Todd,
Who blayed the trombone priddy hod,
Bud he always was tellin'
The glories ob Helen
And what a good dade he hod hod.
(First Place) —David Waterman.

AIKEN FOR YOU

There was a fair co-ed named Aiken,
By whom highest grades have been taken,
One boy said, "What bliss!
If I could take Chris,
Dumb Doras would sure be forsaken."
(Second Place) —(Fowler suspected)

ALMOST COOKED

There was a young fellow named Newell
With a face like a wind-broken mule,
Who sent funny jokes
To the Cook and the folks
And nearly got kicked out of school.
—David Waterman.

KNOTTY BUT NICE

There was a young orator, Ginn,
Who believed that to fail was to sin,
But Park had no fears
When it mixed Ginn with Beers—
That potion could do naught but win.
(Fourth Place) —David Waterman.

Most Honorable Mention

A WEYERISOME LINE

There is a young lady named Weyer
Who is quite facetious and dear,
She plays basketball
With no sleeves at all
And wears her hair in a smear.

—Newell Hart Smith.

ELAINE, THE COOK

There was a fair lady, Elaine,
Who lived all alone and quite plain
Till she cast a sly look
On a drummer named Cook
Then sighed, "Single life is in vain."

—William Markward.

A SCOUT

Doc Hawley's a jolly good scout,
He knows what the college's about,
If you wish a square deal
To him just appeal,
And you'll get it without any doubt.

—Dorothy Paulovich.

AND A SPOONFUL

There is a young chap called McCune,
Who eats at the Commons each noon;
This he used to abhor
But now he wants Moore,
For he goes not to eat but to spoon.

—David Waterman.

CAN YOU GUESS

There was a Park girlie who giggled,
Whose nose, when she talked, always wiggled,
Though slim as a dime
She talked all the time,
As she jerked, and she screamed, and she wriggled.

—Anonymous.

Donald Davis Herr Memorial

Donald Davis Herr Memorial Hall is the gift of Rev. Arthur Herr and Misses Mabel, Jessie and Jane Herr, in memory of their brother, Donald Davis Herr, who lost his life in the Japanese earthquakes. It is built in English style and retains all the gracefulness of that style of architecture. This building houses one hundred and four women of Park College. Combining conservation of space with the artistic, this dormitory presents the most modern type of college equipment.

Thompson Commons, the gift of Mr. A. O. Thompson in memory of his son, Philip Bruce Thompson, is so situated that it looks out over a wooded valley to the Missouri River, providing a view that is an inspiration. This generous gift, also of the English type of architecture, has done much to simplify the problem of feeding hungry students at Park.

Both of these buildings were constructed by Mr. Herman H. Fox of Kansas City, who has donated this space in the advertising section, not through any selfish motive, but as an evidence of his good will toward Park College, and his belief in its student activities.

HERMAN H. FOX

The Guide to High Grade Foods

HERE is the brand that for more than a quarter of a century has stood for purity and finest quality. Whatever the food that bears this brand, whether put up in cans, cartons or bottles, it represents the highest standard of goodness.

Quality, satisfaction and protection of health are constantly assured the thousands of families who invariably insist on the Lee brand. It takes all the guess work out of buying.

Electrical Appliances!

You will be doing a great thing for Mother if you make the suggestion to harness electricity to do the hard jobs at home.

Washing, ironing, cleaning, cooking, are simplified by the appliances designed for these purposes. And the smaller devices are conveniences that should be in every home.

Come to the Electric Shop some time and see for yourself.
